**The more I listen to it, the more I am falling in love with the Bryston Model T speakers.**

**A bunch of hi-fi enthusiasts were invited to this event today.**

**Words like excellent separation, balanced and superb sounding are just some of the praises coming out from the audience.**

**Songs after songs and people just wanted more.**

**Great atmosphere, great people, great music, great speakers...**

**Now need to find time to demo that 'mini' Model T....**
