

Open Air type Earspeaker

SR-003

Where to buy?

Features
The Stax SR-003 is the home audio version of the S-001MK2 In-The-Earspeakers with a 5-pin plug connection suitable for any Stax driver unit or adaptor with "Pro" capability.
Extremely comfortable lightweight soft tipped pads for inner ear comfort and extended bass response.
Even lighter diaphragm reduced from 2.5 micron thickness to a remarkable 1.5micron resulting in further resolution, transparency and purer listening pleasure.
As the SR-003 is In-The-Ear type Earspeakers, comfort is enhanced leaving the ears clear of all external restrictions and perspiration that may result from heavy earpad types.
Stax are confident that the SR-003 In-The-Earspeakers will provide every listener with satisfaction and Stax unsurpassed sonic superiority.

Specifications	
1.Type	Electrostatic canal type In-The-Earspeakers, push-pull driving
2.Frequency Response	20-1kHz ± 2 dB, 1kHz-20kHz ± 4 dB
3.Capacitance	44pF with cable, 17pF without cable
4.Impedance	360K ohms/10kHz
5.Sensitivity	111dB/100Vr.m.s. /1kHz
6.Maximum Sound Pressure level	119dB/1kHz
7.Standard Bias Voltage	580V
8.Pad(Fitting Rubber)	Made of silicon rubber (2 sizes, M and L)
9.Cable	6-core parallel/1.5m
10.Weight and Size	28g with cable 12g without cable, 28mm diameter
